

**CAPT's work stops children being killed, disabled or seriously injured in accidents - without wrapping them in cotton wool.**

### **Child safety advice to families**

- We give free child [safety advice](#) to parents and carers on our website, as well as [online quizzes](#) and [activities](#) on popular safety topics.
- We distribute family-friendly resources like [picture booklets](#), [leaflets](#), [posters](#) and [DVDs](#). Staff working with families can buy these from our [shop](#), and distribute them to parents and carers in their local communities.
- We spread key safety messages and help change behaviour through our [safety campaigns](#). We reach millions of children, young people, parents and grandparents UK-wide through [Child Safety Week](#). One in ten parents surveyed made their children safer from serious accidents because of this work.
