Mindfulness

Please have a try at this deep breathing exercise.

Brain Break Breathing

Starfish Breaths

Sit on the floor with your legs comfortably crossed in front of you. Open your left hand and extend it slightly in front of you so it looks like an open starfish. Take your right hand and extend your pointer finger. Beginning with your left thumb, take your right pointer finger and go up the outside thumb while taking a deep breath in. Go down the inside of the thumb and breathe out deeply. Continue the deep breathing in while going up each finger and exhaling when going down each finger. Once you are finished, switch hands and repeat.

Learning you can access throughout the week

Other areas

Chinese New Year is Friday 12th February. We are going to be learning about this at the end of the week but here are some activities that you may wish to do during the week.

Research the country of China. What can you find out? Make a poster to tell us all about China.

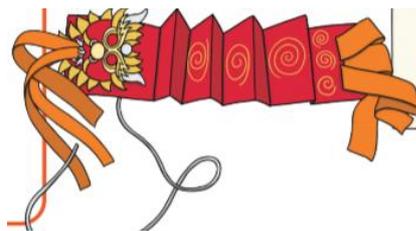

During Chinese New Year celebrations, children are sometimes given envelopes with money inside! With an adult, look at some coins and see if you can see any numbers on them. What numbers can you see? What shape are the coins? What colours are they?

Fireworks are often seen during Chinese New Year. Paint or draw a firework picture. You could use crayons, pens, paint or glitter and glue.

Make a model dragon - you could use cardboard tubes and boxes, playdough, construction toys or natural materials like leaves and pebbles. Maybe you could draw a picture or take a photo of your dragon model

You could make a Chinese lantern out of paper and decorate it. There are instructions for how to do this here <https://youtu.be/CeZKYGmuZn0>

Maths

Please have a look at the 3D shape song on YouTube. You could even have a go at learning it. <https://www.youtube.com/watch?v=2cq-Uc556-Q>
