Learning you can access throughout the week

<p>Other areas</p>	<p>Owls are nocturnal. Draw and label the other types of nocturnal animals you have learnt this week.</p>  <p>Pretend to be an Owl, which is a bird of prey, this means they hunt for other animals to eat. They swoop through the sky silently. With an adult you can play this game. One of you close your eye, the other person has to move across the room silently. The other person has to listen closely and point to where they think the owl is in the room. You can take it turns or have a go at moving around the room in different ways.</p> <p>You can get creative in the kitchen and have a go at creating some Owlet snacks. Can you remember some of the healthier foods you could use for your snack that we have learnt previously? See below for some inspiration.</p>  <p>https://www.bbcgoodfood.com/howto/guide/playdough-recipe</p> <p>Playdough can be made easily at home and only requires some everyday household ingredients. Please use the link above to take you to the BBC website. It provides instructions for how to make playdough. You can have lots of fun, squeezing, rolling and flattening. You might like to have a go at making a hedgehog. See below for some examples.</p>  <p>You can create a story map to show the main parts of the story for Owl Babies.</p>
