Mindfulness

Please have a go at this breathing exercise.

Brain Break Breathing

Balloon Breaths

Sit comfortably on the floor with your legs crossed in front of you. Imagine that there is a big balloon in your belly. Place your hands over your belly. Take a big deep breath in, sitting up straight and make your belly puff out as if it was a balloon filling with air. Then exhale slowly like you are letting the air out of a balloon a little at a time. As you let the air out, slowly roll your shoulders and bend forward. Repeat.

Learning you can access throughout the week

Other areas

Re tell the story of 'Goldilocks and the Three Bears' to a family member. What did Goldilocks do and find in the house? What happened when the bears came home? When telling the story - use different voices for the characters.

Goldilocks and the three bears love eating porridge. With your adult, have a go at making some porridge. You could add some different toppings for examples, jam, honey, seeds, pomegranate etc.

Use books or the internet to find out some facts about bears. You might like to draw a picture and write your facts.

Baby Bear loves to sleep in his bed with his teddy. Do you have a favourite teddy? You could have a go at doing an observational drawing of them. You could use crayons, pens or paints.
