

Dear my wonderful family,

I have travelled all the way to England to stay with Uncle Tim and Aunt Beth. They live in a village called Hagley which is very nice. They are very friendly but they do talk a lot! There isn't much food around here so I have had to share the termites I packed in my suitcase. Cousin Mary took me to a park that was lovely and quiet early in the morning. Unfortunately, lots of young, playful children arrived. I have never heard so much noise! I couldn't sleep after that.

I miss the warm, cosy burrow and the quiet, peaceful desert. I have decided that there is no place like home. I'm so sorry for leaving and thinking that I would be happier somewhere else!

Love from Sorry Sunny

P.S stay safe, stay together!
