

HAGLEY PRIMARY SCHOOL

Head Teacher: Mrs Vanessa Payne BA NPQH

"Believe, Achieve, Together we Succeed"

19th April 2021

Dear Parents and Carers

As part of our exciting 'Hagley Science Week', we have arranged for a mobile planetarium to visit us here in school. This event will take place in school for Year 5 and Year 6 children on Monday the 26th and Tuesday 27th of April 2021. The children will be learning all about space, the stars and the planets as part of their science topic and will have the opportunity to ask questions and talk with scientific experts.

We are requesting a voluntary contribution for this activity of £3.50 per child towards the cost of this amazing day.

Please make payment via the Parent Pay website by **Monday 26th April.**

We would like to make it clear that this contribution is entirely voluntary, and there is no obligation for you to submit this payment; however, should we be unable to cover the full cost, insufficient funds may result in the activity being unable to go ahead. If we have already received donations prior to the cancellation of the activity, please be assured that these will be refunded to parents in full. We would also like to inform you that, should you decide not to make a contribution, neither you nor your child will be treated any differently from those who have paid, and your child's place will not be withdrawn as a result of lack of payment. All donations are greatly appreciated and mean that if we can cover the full cost, we will be able to enhance your child's learning in a way that we believe to be most beneficial.

Many thanks for your continued support.

Yours sincerely

Lyndsey Bowden
